

HOW DO YOU REDEEM TICKETS?

- Go to dso.org
- You'll want to log into your DSO Account before you do anything else. This is how we know to give you your complimentary tickets!
- To do this, click on the "Menu" button in the top left corner (on your phone), then click "My Account." The "My Account" button is located in the top right corner on a desktop or tablet computer.
- Once in "My Account," enter your email address and password and you'll be logged in!
- You can find the entire list of concerts by clicking on "Events & Tickets" section in the menu, followed by "Full Calendar," which is at the top of the list. Most concerts are eligible for Soundcard tickets. You'll see this marked by the little "S" icon on each concert:
- Click the red "Buy Tickets" button and you will be taken to a page to choose your seats. You should see each section within Orchestra Hall and your special Soundcard ticket price to the right.
- Choose your seating preference after clicking "Continue to Seat Selection" and then click "Add to Cart."
- Once finished shopping, click the "Proceed to Checkout" button in the shopping cart and complete your purchase.
